RUSSELL P. BARTON DIES VERY SUDDENLY

Drops Dead in Masonic Lodge
Rooms in Maumee While
Conducting a Class

Russell P. Barton, 48, an undertaker, of Maumee, dropped dead at about 10:30 Tuesday night, in the Masonic Temple in that village, while assisting the conferring of a degree on a class of candidates.

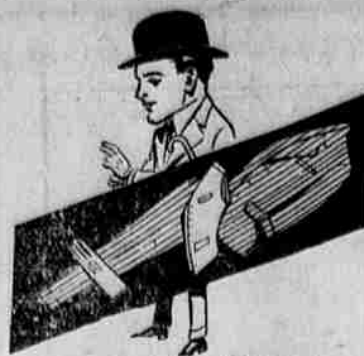

He had not been in the best of health recently, but appeared to be enjoying the evening when suddenly he collapsed, falling face downward on the floor. Physicians present administered first aid but before medicine could be procured he had passed away, less than ten minutes after being stricken. The direct cause of his death is thought to have been acute indigestion.

Mr. Barton was formerly in business in Perrysburg, but moved to Maumee about four years ago. He was a member of Phoenix Lodge No. 123, F. & A. M., the Masonic order at Perrysburg and also a member of the Masonic Eastern Stars of Maumee.

He is survived by his widow, a son Richard, 16 and a daughter Mary Louise, 9 and two brothers, John Barton, of Portland, Oregon, Harry Barton, of Toledo and a sister Miss Jessie Barton, of Toledo.

Many friends and relatives in Perrysburg and Maumee, deeply regret the news of his sudden death.

Funeral services will be held at the residence at 2 p.m. Friday, under the auspices of the Masons. Burial to be made at Ft. Meigs Cemetery.

Try Our Dry Cleaning

There is no real reason for wearing soiled gloves, have them dry cleaned. Fancy vests, too. Suits or separate garments also. The convenience of dry cleaning is too little understood. The economy resulting is astonishing.

When Legislators "Pair."

When a legislator wishes to be absent at the time when an important vote is to be taken, he finds some member who intends to vote on the other side of the question and arranges a "pair" with him. That is, the second legislator agrees to refrain from voting, as an accommodation to the first. The net result when neither vote is cast is the same as if both had voted on opposite sides. Both legislators can then be absent if they wish without loss or gain to either side.

DUNCAN DANCERS

VERY DIFFERENT

Toledo Appearance with Copeland Is Season's Most Unique Attraction.

Entirely different from any attraction ever seen in Toledo, is the Isadora Duncan Dancers and George Copeland, which Bradford Mills and Merle Armitage are bringing to the Coliseum on February 4. No other attraction before the public is in any way similar to this unusual combination.

These young divinities are in the bloom of their physical and artistic development, having had the personal and inspired supervision of Isadora Duncan since their early childhood. They are cultivated, talented, healthy in mind and body, and we are told that they will approximate the perfect womanhood of the future. They believe that the human body is the most perfect and the most beautiful thing in nature, and they dance barefooted, in the thinnest of gauzy draperies, which reveals, when they move, every exquisite emotion they have trained themselves to portray.

These lovely programs of dance music which they interpret are greatly enhanced by the supreme art of George Copeland, who it will be remembered gave one of the most successful recitals ever heard in Toledo at the Woman's Building last fall.

The Isadora Duncan Dancers, the "Isadorables" as they are called in New York, have never before appeared in Toledo, in fact no great dancer has appeared here in some years, and it is therefore with unusual interest that lovers of music, the dance and of things beautiful are looking forward to the evening of February 4.

Mail orders are being received now at the Toledo Conservatory for this event.

TEACHERS GET LAKE TRIP

Generous Individuals Appreciating Their Labors Offer Reward For Effort.

Columbus, O.—(Special.)—Several public-spirited men have made it possible for the Ohio War Savings Committee to offer a vacation trip on three lakes, including a visit to Niagara Falls and Georgian Bay, to the school teachers of the state who attain the highest per capita sale of War Savings Stamps during the next few months. The state has been divided into 22 districts of four counties each, and one teacher from each district will get a fine vacation trip free of all expense.

The school teachers have been indefatigable in their efforts to promote the habits of thrift by encouraging pupils to invest in Thrift and War Savings Stamps, and this reward for extraordinary service has been announced by the Ohio committee with great appreciation of the opportunity to acknowledge their labors.

Obtain Oil From Eggs.
The turtle living in the Orinoco lays eggs which are extraordinarily rich in oil. The Indians in British Guiana collect 25,000,000 yearly for making oil. The eggs of many sea birds are excellent eating. The best of the lot is said to be that of the "murre," a bird which is very common on the Labrador coast.
